THE HAPPY WANDERERS

Here are your St. Albert Gazette boys and girls at a recent gathering. They faithfully deliver your Gazette to you every week regardless of the weather.

Even on Christmas Eve they will be out to deliver the 2 colour special Christmas issue containing warm Christmas wishes from friend to friend.

TUESDAY, DECEMBER 10th.

On the initiative of Mayor and Council, a public meeting will be held in the St. Albert Community Hall for the purpose of discussing the \$22,000. Recreation Grant and also the setting up of a St. Albert Centennial Committee. This meeting can be a success only if as many citizens as possible attend. And, of course at least 2 representatives from each club and organization in town. All of us have, in the past, made suggestions, proposals, etc, regarding recreation generally, and the use of the Recreation Grant specifically. This meeting is our chance to bring these ideas out in public. This way, Council and the Recreation Board can make decisions which are backed by a great representation of our citizens.

SAFE DRIVING WEEK

Safe Driving Week is being observed in St. Albert from December 1st to 7th. Let's make every week Safe Driving Week. St. Albert has been fatality free for over two years. With careful driving we can extend this by a good many years. Always be on the lookout for children and pedestrians crossing streets. Also, pedestrians, take extra precautions before crossing the street or highway. Co-operation between drivers and pedestrians will help keep us accident free. Drive safely and live longer.

TOWN OF ST. ST. ALBERT PUBLIC NOTICE

**A meeting of the Ratepayers of
the Town of St. Albert,
has been called**

**for Tuesday, December 10th. 1963,
at 8⁰⁰ p.m.
in the Community Hall, St. Albert**

**The purpose of this meeting is to
discuss the Recreational Grant
and the setting up
of a Centennial Committee**

*Tuesday, December 10th.
continued from page 1*

It would be very disappointing if the turnout should be small. We all want the Town and Recreation Board to do something in the recreational field, (we have waited long enough), therefore we should all be there on December 10th with our constructive ideas. There is the danger that if we don't show our interest by attending this meeting, that the town officials and Recreation Board could make decisions which could be bad for the development of our recreation as a whole. Therefore, responsible parents, teachers, leaders, chairmen, secretaries and other executives, Tuesday night is the night that the Town needs your expert advice, not only for the use of the \$22,000., but also for a well planned recreation program for the Town of St. Albert.

Another topic during this meeting is the setup of a Centennial committee. What can we do and what do we want to do for the 1967 Centennial celebration in St. Albert?

Present your ideas to the Town and Recreation Board during this meeting. Let's have a fruitful discussion, resulting in clear and united decisions. Tuesday, December 10th is the night that we have to prove that we are really interested in the future of our town and of our children.

THE TOWN OF ST. ALBERT PUBLIC NOTICE

THE TOWN OF ST. ALBERT FIRE DEPARTMENT IS NOW EQUIPPED WITH A PNEULATOR, WHICH IS AN OXYGEN THERAPY APPLIANCE.

MAINLY USED IN CASES OF ASPHYXIATION AND PATIENTS IN AN EMERGENCY REQUIRING OXYGEN.

THE NEW EQUIPMENT WILL BE MANNED BY THE FIRE DEPARTMENT OF THE TOWN, AND ANY PERSON REQUIRING THE ASSISTANCE OF THE PNEULATOR SHOULD CALL THE FIRE DEPARTMENT, AT 599-6211, THE SAME NUMBER USED FOR A FIRE CALL.

ON EMERGENCY CALLS FOR THE PNEULATOR, YOU MUST ALSO CALL YOUR DOCTOR IMMEDIATELY.

JAMES B. GEE,
Senior Administrative Officer,

The Fire Chief demonstrating how to use the Pneulator on a patient. This new piece of equipment was acquired by the Town just recently for the Fire Department.

This appliance is used mainly in cases of asphyxiation from smoke fumes, or gasses, in case of drowning, and patients

in desperate need of oxygen. The pneulator is very valuable in saving lives, if used in time. In all cases where a pneulator is called for, your doctor also must be called. This machine is an emergency first aid to the patient only until the doctor, with his professional knowledge, arrives to take over.

UNITED CHURCH

The United Church Women of St. Albert sponsored a Tea at the Edmonton Indian Residential School on Saturday, 30 November. This is the second year that they have undertaken this task. Although road conditions and the Grey Cup football game seemed to conspire against the affair, the tea was a success.

The Sacrament of the Lord's Supper was served on Sunday, December 1st at the Morning Service. Dr. Schwarz preached the first in the season of Advent sermons. The Evening Service (there is one held on the first Sunday of each month) was the third in a series on Christian Family Life. The sermon was about the purpose and character of a Christian Wedding. Music was provided by trumpeter Bert Ward of the "Tail-Gate Jazz Band" organist Mrs. Lois Hole, and song-leader Roy Gilley. Despite the condition of the roads and streets, the congregation was by far the largest that has attended the monthly evening service since it was begun over a year ago.

RECREATION BOARD

Requests to attend the meetings of the St. Albert Recreation Board have reached this Board on several occasions.

May this Board again impress upon the residents of St. Albert that not only are these public meetings, and therefore open to all interested persons, but also that without their initiative, imaginative ideas and attendance, this Board cannot function properly.

Your Recreation Board is there, not to impose, but to encourage, guide and help co-ordinate a well rounded programme of activities in which the people of St. Albert from all walks of life and all age groups can take part.

Lack of a budget until January 1, 1964, curtails our scope somewhat, but with the help of many excellent volunteers, our hockey season promises to be off to a good start. Special attention has been given to those boys who do not excel but like to play nevertheless. Registrations for figure skating are still accepted. For information please phone Mrs. Burt, 599-6190.

Last, but not least, may the Board focus your attention on the membership drive of our Community League, which depends on your willingness to help in order to achieve success.

Please, help your Community League to help you!

UNITED COMMUNITY FUND

Mrs. W. Blackie, chairman of the U.C.F. for District 9 (St. Albert), reports that this year's blitz campaign, held October 23, realized \$1,122.36, an increase of \$422.36 over last year. Mrs. Blackie and the Edmonton committee were very pleased with the generous response of St. Albert residents.

Mrs. Blackie would like to thank the Father Lacombe Chapter I.O.O.F., Youville Auxiliary, Altar Society, Chi Chapter Beta Sigma Phi, Women's Institute and the United Church Women for their help, as well as all the individuals who served as volunteer canvassers.

PUBLIC SCHOOLBOARD

The election of two new trustees to the board brought about the re-organization of the personnel.

Mr. Lee was re-elected as Chairman for his second term with Mr. Fraser being appointed to the office of vice chairman. The finances will be under the scrutiny of Mr. Fraser and Dr. Mirlin, while Mr. Donais and Mr. Lee will give special attention to buildings and property. Mrs. Ross and Mr. Fraser will work with the superintendent, Mr. Maloney, towards methods and improvements in the educational program. Mrs. Ross and Dr. Mirlin will also undertake to oversee bus schedules. Our representative on the Recreation Commission will be Mr. Donais.

The building program at the High School has been temporarily delayed because of the delivery of some heating equipment but it should be completed by the end of November. This will greatly improve the student accommodation at this level. The administration building is also nearing completion and should be ready for occupation early in December.

The study of ways and means to improve the joint use of public lands by the Town and School Board continues. It is hoped that a program of this nature will prove more beneficial to the students

during school hours in particular, and the public in general at all times.

HANDEL'S MESSIAH

Residents of St. Albert are invited to circle December 22nd on their calendars and keep this date open to hear the United Church Choir's presentation of

IMPROVEMENT

The Safety Council reports that St. Albert has had another year without serious traffic accidents. Is this something of which to be proud? We can't say a wholehearted 'yes' because we still have those irresponsible racers in our residential areas, speeding up to 50 - 60 miles per hour, without any regard for the lives of the little ones who are liable to cross a street at any time. The work of the Safety Council and a little bit of luck, has brought us these pleasant results this past year, but we would be wrong if we thought that we are more careful than other towns and cities. We hope that one day St. Albert can be a good example in traffic behaviour for the other towns and cities in Canada. Nevertheless, we believe that the steady push promoting good behaviour in traffic done by the Safety Council, has had important influence on our youths who have followed these instructions.

With the continued guidance of this Council we are sure that our traffic safety will improve greatly. The men and women who are giving their time and effort to this Council are to be congratulated.

Part I of Handel's "Messiah". This is perhaps a first for our community, and it is hoped that many will plan to attend and enrich their celebration of the Christmas season through the inspiration of this great music.

AWOL

In the military: Absent Without Official Leave. St. Albert is by no means under martial law. However we all come under the unwritten law shouldering the responsibilities attached to our privileges. Sad but true, many of us are shirking our responsibilities in this community. Approximately 150 children are participating in the Y.M.C.A. swimming program. Yet, at a recent induction meeting less than 10 parents represented St. Albert's parental interest in this very necessary part of a child's education. This causes the organizers to wonder if it's all worth the effort! They also received many telephone calls from parents asking if a program might be arranged wherein parents could participate in swim sessions with their children. Arrangements were made; 5 families registered, one withdrew, only 2 paid the fee. Such poor response meant the venture had to be cancelled. Again the organizers seemed to be wasting their time.

St. Albert schools have a very forward safety program, so much so that Mrs. Eve Gilstaf, head of the Women's Safety Council of Canada, chose to address our Home and School Association over all the Home and School groups in the Edmonton area. This November meeting boasted about a dozen listeners! Which casts quite a shadow on our community doesn't it? Last week's Gazette told you of the predicament of the Community League. This is the organization which provides the greatest part of our recreation and community life. Again, how many of us are conspicuously absent?

In past seasons we had no adult movies and we loudly lamented the lack. The Film Society was formed. The very tops in American and foreign films have been offered at a price the movie houses can't meet. The first film saw 35 people which for a beginning was good, but subsequent attendances have put the society in the red! If no greater interest is shown for the coming films, the society will undoubtedly be forced to fold! It would seem we want these services in our community just in case we want to avail ourselves of them. We are too busy to support them. We may soon find there is nothing to support and then we would be there with bells on -- to complain.

A perfect opportunity to refute the fore going indication that we are an indolent disinterested community will be the public meeting December 10th! The Town Council will be glad to see you there to discuss the proposed recreation grant of \$22,000. and to plan a centennial program for St. Albert.

In closing, a parable. Somewhere in Europe a small village was planning a carnival. It was decided to have a large vat of wine for the celebration. To insure all would share equal cost of the wine, it was agreed that each resident would pour one bottle of wine into the vat. One clever individual thought that if he filled a wine bottle with water and poured it in, no one would notice. On the day of the carnival, the vat was tapped and pure clear water poured forth! Every resident had assumed that his little bit wouldn't make any difference!

BRIAN AART VAN MEETEREN

This is a story with a very happy ending. Brian is almost 3 months old now and weighs 6 lb. 3 oz. No heavyweight to be sure, but he's come a long way from the 2 lb. 14 oz. he weighed at birth. Brian was 5½ weeks premature and spent the first 11 weeks of his life in an incubator. Mr. & Mrs. Van Meeteren, 27 Birch Drive, proudly brought him home November 24th. Truly a great occasion for the Van Meeterens who had waited 5 years for the first of their family. In fact they were seriously considering adoption just a year ago.

Mr. Van Meeteren, an employee of MacDonald Consolidation, is quite a handyman. He has redecorated and redesigned a bedroom of their home into a dream type nursery for wee Brian. Also, a special and convenient bath table with plastic bath inset, that would delight any new mother.

As we said, Brian is no heavyweight, but if love and attention have any say in the matter, he'll grow by leaps and bounds in the next few months. To Mr. & Mrs. Van Meeteren and their lovely new baby, our heartiest best wishes!

A snowman needs cold weather to be healthy, so when the temperature rose above 32 this poor snowman got sick. Standing in the front garden at 27 St. Thomas St., as the temperature rose to 45, he lost his arms, nose, eyes, teeth and even his buttons. Right now he looks like something from outer space, but when the cold weather returns, the children will make him look like a new man.

ST. ALBERT DEVELOPMENT

The Mayor and Council of St. Albert have completed a year of re-adjustment.

The changeover from individual Town Management to Mayor and Council created many problems and there were difficult conditions to be dealt with.

It is apparent that they have improved the affairs of our Town and we can look forward to a future of progress and fulfillment.

The addition of the new stores and liquor vendors to "Shopper's Park" is very gratifying.

The most important event of all is the advent of Monomould Containers Ltd. on River Lot 54 on the West side of St. Albert. This is a multimillion Dollar enterprise and its Board of Directors are among Edmonton's most reliable and enterprising business men. Today this project is being built and the workmen have completed the preliminaries and are going ahead at top speed to finish the building in six weeks. They expect to be in production in April of 1964.

This complex will create activity of industry and commercial enterprises of other nature.

St. Albert's many advantages as a development area are becoming more obvious as time goes on. The amazing increase of 31% in population during the past year is evidence enough to prove this. During this period St. Albert was undergoing a re-adjustment as previously mentioned and our building programme was held up and reduced to await events as described. In view of this present activity in St. Albert, we are assured of much increased building activity in the year 1964. Nothing can stop St. Albert's rapid growth as far as present conditions are concerned.

The acquisition by Golden Construction of 900 acres on St. Albert's Eastern Boundary is further evidence of a greater activity than originally planned. This will give St. Albert another 10,000 residents over the original 30,000 as planned in the past.

On the basis of last year's startling growth, St. Albert's population should exceed 10,000 people in 1964. The surrounding area of the County of Sturgeon has a population of 20,000. We have many tourists and visitors from numerous northern towns and Edmonton city who have informed our motel proprietors of their preference for St. Albert's shopping facilities.

St. Albert is now ready for a large Departmental Store, an Hotel, Drive-in enterprises, commercial and industrial ventures of any kind.

RECREATION FOR YOUNG AND OLD

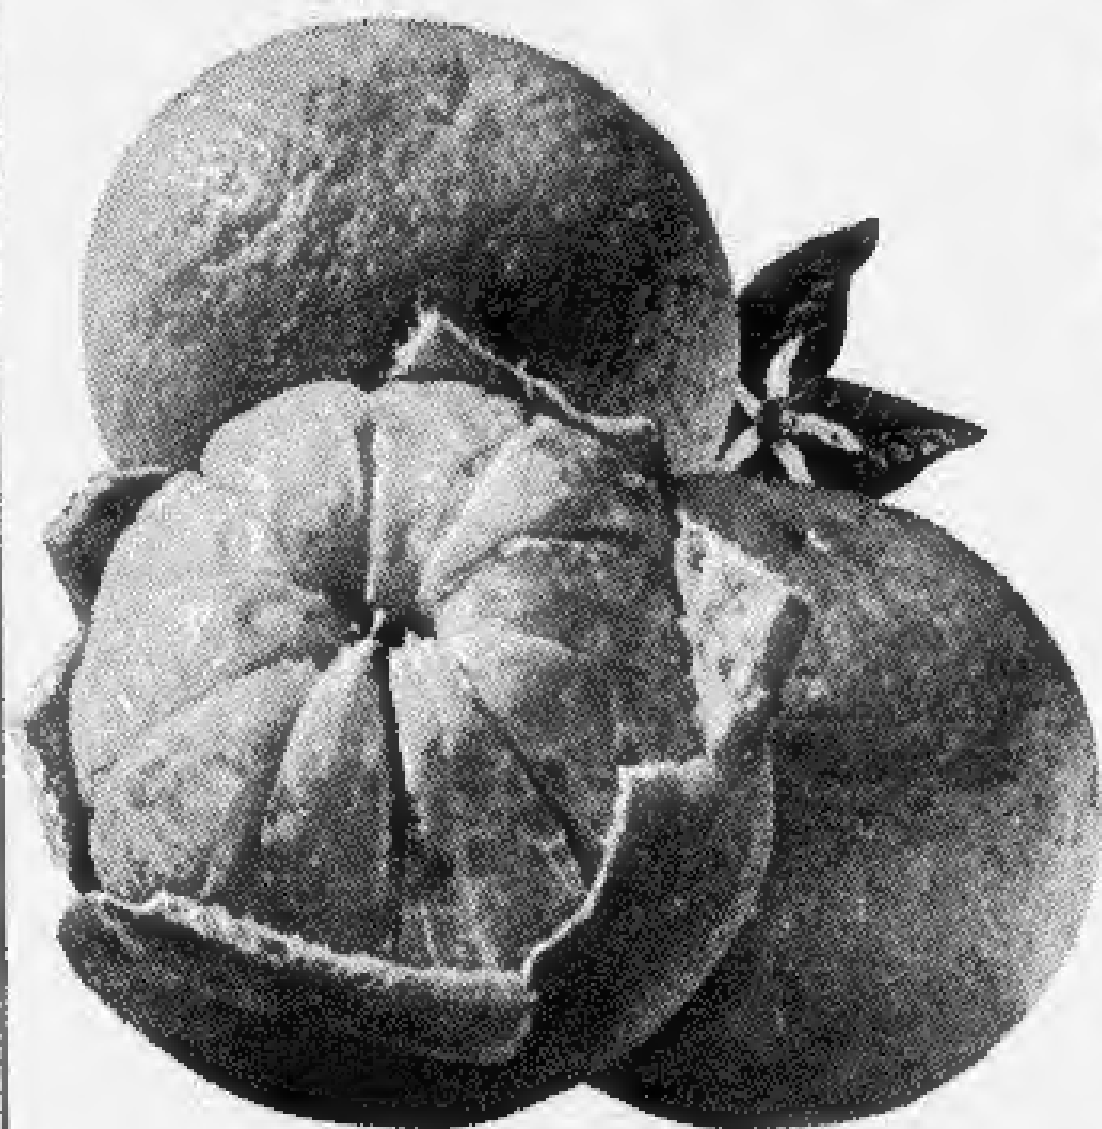

Skating is a lot of fun for the kids and for Mom too. For the young fry who are too small, the stroller makes a fine sleigh. This picture was taken at the Grandin Park skating rink, which is just one of the many recreational projects organized by your official Town Recreation Board. More recreations projects for the Town of St. Albert are necessary and therefore the town has called a public meeting next Tuesday, December 10th, where all of us can discuss and suggest how the \$22,000. Recreational Grant should be used, and also set up a Centennial program for St. Albert. No one should miss this meeting!!
